

AI FOR YOUTH

Digital Readiness encompasses skills, trust, and responsible use of Emerging Technologies such as Artificial Intelligence. In our endeavour to build an AI Ready generation and empower youth with AI Tech and Social skills in an inclusive manner, we work with schools and empower the young minds. The aim is to demystify AI for the youth and empower them with an appropriate new-age tech mindset, relevant skill sets, and access to required tool sets to make them digitally ready for the future.

An initiative to provide a platform to teachers to develop knowledge and understanding of AI, the **AI Facilitator Community (AIFC)** has been launched for all educators - Computer and subject teachers.

AIFC is a teacher-driven platform for collaborating, sharing best practices, professional development, and utilizing their knowledge in facilitating and empowering the students to create AI-enabled social impact solutions and democratizing AI awareness

The AI Facilitator Community (AIFC) aims to

- provide a platform for facilitators to come together to interact, learn, and share experiences
- leverage their knowledge to create AI-enabled lesson plans and facilitate students to develop social impact solutions
- spread AI awareness in an inclusive way.
- AIFC is a collaboration platform for all the teachers - AI teachers, Computer teachers, and Subject teachers.

Key features of AIFC

1. This community is for facilitators from all across the country.
2. Facilitators will be able to register using basic information and later on access the website using a Login ID and a password
3. Registered members (facilitators) will be able to
 - learn AI as a skill and its application in the curriculum for supporting students in creating social impact projects through webinars with Intel® AI certified coaches and experts
 - access AI learning resources curated from across the world
 - attend webinars and face-to-face seminars to enhance their AI skills
 - participate in online challenges to test their knowledge and up-level themselves
 - share their experiences as Blogs
 - connect with other facilitators from across the country
 - discuss and deliberate on relevant AI topics in a moderator-curated forum

It would help in creating an ecosystem of AI and AI integration in subjects in all the schools of Gyalshing District by providing the link to the teachers and asking them to register on AIFC.

The link to AIFC can be put on the education department website for easy access for the teachers.

The link to **register is:** <https://aifacilitator.community/>

To orient teachers about the platform, the AIFC team will organize an Orientation Session per the following details.

Date: February 18, 2023

Time: 5:00 PM to 6:00 PM

Link to Join the session: https://bit.ly/AIFC_event_18Feb
